Address:

Leesburg

Price:

16500.00 \$

32x12 Premier Building, inside is finished and insulated. This would have to be moved to a different property. I lived in the house for a year and a half until I had a baby. This would come with the fridge/freezer, hot water heater, microwave, propane heater, propane tank (small one), and window A/C unit. This home would be perfect for someone just starting out, or someone looking to downsize or for a hunting camp. I will NOT rent to own, or trade for another item. This is one room basically I had a bed in the loft and also a pull out bed downstairs. I also have steps on the front porch now, and a different vanity in the bathroom.
